

EASTERN PRETECH GROUP AUG BUSINESS UPDATES

Singapore, 12 August 2020

Eastern Pretech @ Malaysia Lam Research

Eastern Pretech Malaysia clinched a significant order from Boustead Project for Lam Research, a leading supplier of wafer fabrication equipment and services to the global semiconductor industry, to fabricate and deliver precast hollow-core slabs for the new 700,000 square foot facility at Batu Kawan, Penang. Delivery will commence in the 3Q2020.

Dubai @ UAE Royal Grammar School Guildford

Dubai Precast was awarded the order for design, supply, delivery and erection of pre-finished architectural and structural solid and sandwich cladding panels for the swimming pool and multifunction hall along with precast stairs for the main building of Royal Grammar School Guildford in Dubai.

The order is for 3,000m² of unique façade wall design and 500m³ of other elements. Production and installation are ongoing and is expected to be completed in 3Q2020.

Parmarine @ Finland Marawell Hotel Oslo Airport City

Parmarine was awarded the contract to supply 410 bathroom units for Vedal AS in Norway. Marawell Hotel Oslo Airport City will have 850 beds, 410 rooms and a meeting centre with a capacity of 500 visitors. Delivery will take place in 2021.

About Eastern Pretech Group

Eastern Pretech (EP) Group is Singapore's leading industry player in delivering innovative solutions for precast concrete and prefabricated bathroom units (PBU).

Incorporated since 1982, EP is the market leader with the benefit of its long operating history and successful track record of delivering quality products and superior services. The Group has 6 strategic manufacturing facilities in Malaysia, United Arab Emirates and Finland.

Its well-established reputation in being able to provide premium quality products and value-added design services has enabled it to be recognised as the "Precaster of Choice", especially for fast track, large-scale precast projects with a high level of technical design know-how. Over the years, the Group has cemented strong relationships with property developers, architects, engineers, designers and contractors.

EP Group's proven industry track record is backed by sound corporate business philosophy of Singapore's SGX-listed NSL Ltd. NSL and its group of companies is a leading industrial group in Asia Pacific. Listed on the SGX since 1964, NSL has operations and joint-ventures in 8 countries.
