

EASTERN PRETECH GROUP JUNE BUSINESS UPDATES

Singapore, 3 June 2019

Eastern Pretech @ Singapore

SGA Data Center

Eastern Pretech Singapore was awarded the contract to fabricate and deliver precast pre-stressed beam, hollow-core slab and precast staircase for the proposed new erection of 11-storey single user Data Center at Tanjong Kling Road. Total volume is 25,500m³ including 87,500m² of hollow-core slab. The structural contractor is Obayashi Singapore Pte Ltd. The delivery will commence from November 2019 to December 2020.

The Airtrunk Data Center

Eastern Pretech Singapore was awarded the contract to fabricate and deliver precast column, precast beam, hollow-core slab and precast staircase for proposed new erection of 5-storey Airtrunk Data Center at Loyang Drive. Total volume is 4,000m³ including 12,300m² of hollow-core slab and delivery will start from July to November 2019. The main contractor is Obayashi Singapore Pte Ltd.

Eastern Pretech @ Malaysia

Carpark at Penang International Airport

Eastern Pretech Malaysia was awarded by the project main contractor, Landasan Kapital Sdn. Bhd. to design, supply and deliver hollow core slabs for a new multi-storey carpark at Penang International Airport. An approximate 40,000m² of hollow core slabs will be utilised for this 7-storey carpark. The delivery of the slabs has commenced early this year.

Selayang Market

Main contractor Synergy Goldtree Sdn. Bhd. was awarded Eastern Pretech Malaysia for the design, supply & delivery of various precast components for the new Selayang Market in Kuala Lumpur. The fast-track contract amounts to an approximately 5,500m³ of various precast components will commence in May 2019 for duration of 5 months.

Dubai @ UAE

Mizhar School

Dubai Precast was awarded the design, supply, delivery and erection of Mizhar School project in Dubai. Precast concrete elements consisting of columns, beams, walls, Sandwich walls, staircases and hollow-core slabs will be supplied and installed for a total volume of 21,000m³. Delivery of the precast concrete components commenced in May and will be completed by end October 2019.

Visitor Center at Kalba

Dubai Precast received the order for design, supply and erection of eight precast dome buildings spanning from 11m to 22m in radius for a Al Qurum visitor center in Kalba, which is a Unesco protected area for mangrove wildlife. Production is expected to start in July and project to be completed in 2019.

Parmarine @ Finland

Miglagard Hotel

Parmarine Oy Unit Bathrooms was awarded the contract to supply 300 bathroom units for Miglagard Hotel. The hotel is located nine minutes from Oslo Airport.

Cruise Ships

Parmarine Oy Fire doors received an order worth of EUR 7 million from Meyer Werft, a builder of luxury passenger ships. The order includes deliveries of fire doors to three Disney cruise ships and two Royal Caribbean cruise ships. The project is expected to be completed by 2022.

--End--

About Eastern Pretech Group

Eastern Pretech (EP) Group is Singapore's leading industry player in delivering innovative solutions for precast concrete and prefabricated bathroom units (PBU).

Incorporated since 1982, EP is the market leader with the benefit of its long operating history and successful track record of delivering quality products and superior services. The Group has 6 strategic manufacturing facilities in Malaysia, United Arab Emirates and Finland.

Its well-established reputation in being able to provide premium quality products and value-added design services has enabled it to be recognised as the "Precaster of Choice", especially for fast track, large-scale precast projects with a high level of technical design know-how. Over the years, the Group has cemented strong relationships with property developers, architects, engineers, designers and contractors.

EP Group's proven industry track record is backed by sound corporate business philosophy of Singapore's SGX-listed NSL Ltd. NSL and its group of companies is a leading industrial group in Asia Pacific. Listed on the SGX since 1964, NSL has operations and joint-ventures in 8 countries.
